

How To Sign Up for MasterCard Travel Pass	Key Onboarding Requirements
- Download the Application: Download the Mastercard Travel Pass app from the Google Play Store or Apple App Store. - Sign Up/Register: Open the app and select the "Sign Up" option. - Enter Card Details: Input your eligible Mastercard card number. The app will check if your issuer has enabled this benefit. - Create Profile: Enter the required personal information, create a PIN, and agree to the terms and conditions. - Authentication: The card will be authenticated via a text message indicating a \$0 or small temporary reservation charge (usually around \$1, which is removed within 10 business days). - Receive Membership: Upon successful registration, you will receive a digital membership for the Mastercard DragonPass program.	• Eligibility Check: Contact your issuing bank to confirm if your specific card provides access to the program. • Individual Registration: Both primary and supplementary cardholders must register separately. • International Transaction Requirement: To activate lounge access, some users may need to make at least one international transaction of \$1 (or local equivalent) every 3 months. • Activating Services: Ensure your card has internet transaction capabilities enabled to complete the registration. Once registered, you can use the app to generate a QR code for lounge access or book services like airport transfers.
